

Product factsheet

Type: **e.bagg**

Version: *sun*

Foldable monocrystalline solar module with an output of 300Wp including carrying handle for charging a solar battery

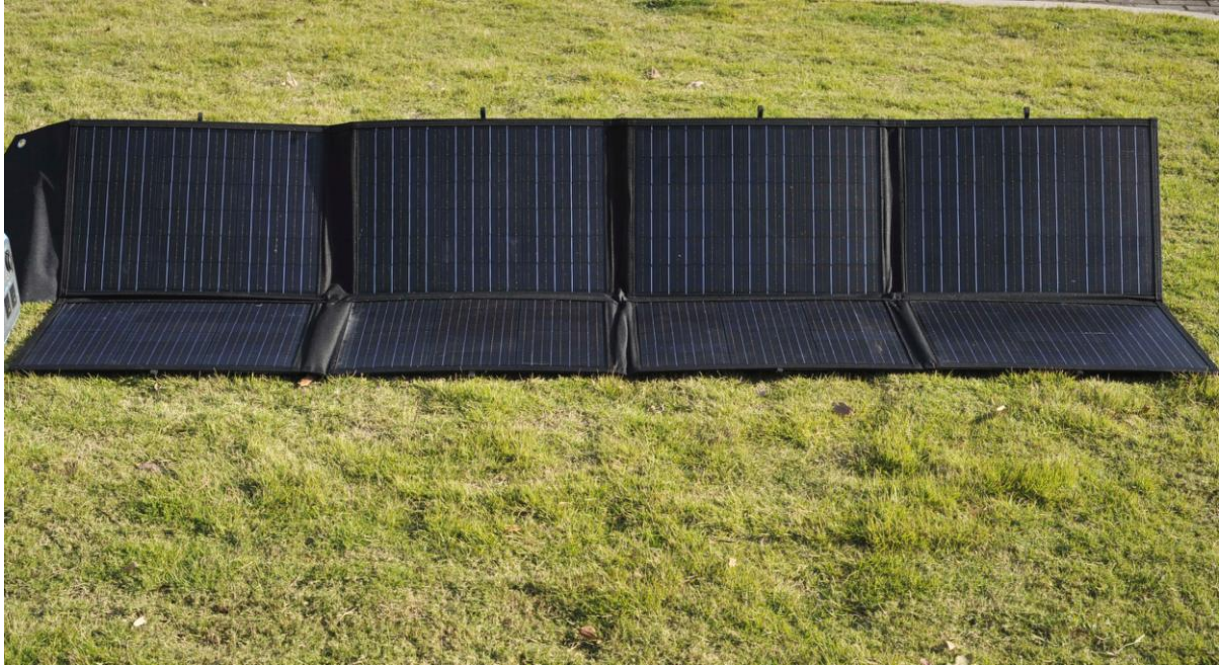

Technical specification

Power	
Maximum power output	300Wp
Efficiency	20% - 23%
Power tolerance	+/- 3%
DC Output	
Voltage nominal for optimal working conditions	18VDC
OCV	21.6VDC
Current nominal for optimal working conditions	16.67A
Short circuit current	17.67A
Miscellaneous	
Solar panel	Monocrystalline
Number of panels per module	8
Dimensions	
Folded length, width and height	405mm x 605mm x 80mm
Expanded length, width and height	1605mm x 1210mm x 6mm
Weight	10kg
Miscellaneous	
Water resistance	IP67
Operation temperature	-40°C to +85°C
Humidity	20% to 85% RH
Warranty	2 years according to our warranty conditions Optional: 4 years warranty
Included in delivery	1x Common junction box 1x Anderson connector and 3m wiring 1x User manual 1x Warranty conditions and warranty card
