

e-stream  
**e.bagg** *air*

## Product factsheet

Type: **e.bagg**

Version: *air*

Lightweight portable power station with 1500W power output, coupling and solar charging

**E-Stream GmbH & Co. KGaA**

## Technical specification

Battery	
Capacity	1526Wh, 40Ah
Cell chemistry	NMC
DC Output for Discharging	
2x DC5521 port	12.6VDC @3A max.
2x USB type C PDF	5VDC-15V @3A max. 20VDC @5A max.
3x USB type A	5VDC @2.4A max. 9VDC @2A max. 12VDC @1.5A max.
AC Output for Discharging	
2x CEE 7/3, type F	Pure sine wave, 230VAC $\pm$ 5% @50Hz Max. continuous power output: 1500W Max. peak power output: 3000W for 1 second
DC Input for Charging	
Car charging cigarette lighter 12V	12.6VDC @10A max. (0-100% in <14h)
Solar panel charging	11VDC – 60V @12A max. (max. 300W)
AC Input for Charging	
Grid socket 230VAC	230VAC @6A max. (0-100% in <2h)
Safety	
MultiSafety Protections	<ol style="list-style-type: none"> <li>1. Short-circuit protection</li> <li>2. Over-current protection</li> <li>3. Over-voltage protection</li> <li>4. Low-voltage protection</li> <li>5. Over-load protection</li> <li>6. Over-temperature protection</li> </ol>
Dimensions	
Length, width and height	200mm x 200mm x 368mm
Weight	13.7kg
Miscellaneous	
Simultaneous charge and discharge	Yes
Coupling of e.bagg air systems	Yes, up to 3x systems can be coupled to expand the capacity
Operation temperature	-20°C to +40°C
Humidity	20% to 85% RH
Warranty	2 years according to our warranty conditions Optional: 4 years warranty
Included in delivery	1x 1500W power adapter for AC charging 1x Car charging cable for cigarette lighter 1x User manual 1x Warranty conditions and warranty card
